Dear Dr. Halman:

In response to your letter of June 15, 1984, I am pleased to inform you that the Council for Tobacco Research has authorized a donation of $2,000.00 for support of the 1985 Deuel Conference of Lipids. We request only that our contribution not be used to defray support costs for participants from the industrial sector.

The tentative agenda is both interesting and ambitious and several announced topics are of high relevance to the Council's current priorities. We trust the conference will meet your expectation.

I plan to attend myself, and we will add another name by conference time.

Sincerely,

Harmon McAllister
